

Department of Anatomy and Cell Biology
The University of Melbourne
Seminars

4PM Jones Theatre, Level 3, Medical Building
Enquiries: Dr Erica Fletcher, elf@unimelb.edu.au, ext 43218
Dr Leonie Quinn, l.quinn@unimelb.edu.au ph 83445773

April 16th

Prof. Ross Hannan

Peter MacCallum Cancer Institute

*"How dysregulation of ribosome biogenesis causes disease:
a dark tale of large non-coding RNAs, epigenetic mishaps
and cells lost in translation"*

~~**Prof Paul McMEnamin**~~

April 23rd

~~Department of Anatomy, Monash University~~

~~*"Myeloid-derived Cells in the Eye – their role in health,
disease and aging"*~~

April 30th

Dr Tony Brumby

Peter MacCallum Cancer Institute

*"Drosophila neoplasias and their many striking similarities
to human cancers"*

May 7th

Dr Catherine Keech

Department of Microbiology and immunology, The
University of Melbourne.

*"Insights into Coeliac Disease from a transgenic mouse
model of gluten hypersensitivity"*

May 14th

Dr Michael Murray

University of Melbourne

"Cell migration and EMT/METs in Drosophila development"

May 21st

Dr Tetyana Shandala

School of Pharmacy & Medical Sciences, University of South
Australia

"Mechanism of secretion controlling the immune response"

May 28th

Dr Elisa Hill

The Howard Florey Institute, The University of Melbourne

"Epilepsy and autism: disorders of synaptic function"
